

## GIFT PLATE

Compliments of Faith — Make It Real!  
[www.faith-makeitreal.com](http://www.faith-makeitreal.com)

If you are like me, you tend to give your stitching projects away as gifts. I cannot begin to know how many projects I've done over the years. I truly have no idea, since I've given all but two away. Such gifts are so appreciated, because the recipients know at a glance all of the time and loving skill you have put into the piece.

To make your gift even more cherished and remembered, you are welcome to print this page. Complete the information below, cut around the box, and then attach to the back of the frame or include with your stitching gift.
